We Make "IT" Easy

Business Communications

Network Services – Telco, Carriers, ISP

Are you still going it alone to find the best service provider deals? If so, you could be missing out...

- You might have saved money on the bill, but sacrificed performance
- You might have locked yourself into a contract without knowing what else was available
- You might discover that getting support when you need it is a nightmare
- You might have purchased an "unlimited" data plan, but later discovered a usage cap
- You might be paying for bandwidth you don't need

It's Your Business

Finding ways to cut costs to improve your organization's bottom line is critical. One way to achieve fast results is to have our team of experts look over your phone bills, data networks, and Internet access. To look out for your interests we stay current on which service providers are offering the best service with the best pricing, and share all the options available so you can make a well informed decision.

What We Do

- Undertake a thorough review of your services, invoices, agreements and providers
- Evaluate your spending, find better deals, and uncover savings
- Lay out all the alternatives and offer recommendations
- Provide a clear projection of your savings
- Implement your choices by acting as your agent to place orders with the providers
- Track installation progress, submit trouble tickets, and manage escalations
- Provide a single point of contact for all your voice, data, and Internet needs

We Make Network Services & Savings Easy

If your relationships with service providers are giving you headaches, DataLink has solutions that will make the pain go away – at a cost that makes sense. Whether you're running a small or medium-sized business, each and every DataLink client is valued. You'll know it, because we'll prove it every day. And it's why for years and years, our client relationships continue.
