LASTING RELATIONSHIPS

"We have clients that have been with us since we began supporting them in the early 1990's. Our client relationships don't end after the job is done, they continue for years and years because of our personal touch... They know that we really do care about their success. We prove it every day."

- Mylon Staton
President, DataLink

We Make "IT" Easy

ProLink IT Products

ProtectIT Offsite Data Storage

For organizations needing to protect data against system failures, fire-water damage, information theft, and hack attacks

Ever experience a system crash? Everything is running smoothly one moment and in the next moment your data is gone and your applications inaccessible. That's why we developed *ProtectIT - Offsite Data Storage.*

This automated, proactive tool provides data protection by performing storage of local server backups to DataLink's secure data center facilities. Secure transport of data occurs over a DataLink-approved broadband Internet connection.

ProtectIT - Offsite Data Storage includes…

- Monthly managed offsite data backup
- Automated managed backup tool set
- Automated nightly offsite replication of server images, operating system, applications and data
- Backups stored in Virtualized format for easy restoration to dissimilar hardware or Cloud services
- 24x7x365 monitoring of offsite replication status
- Secure data storage at DataLink collocation facilities
- Online client portal for backup status review and reporting

We Make IT Easy

When keeping your IT on track is a top priority – DataLink makes IT happen – at a cost that makes sense.
