LASTING RELATIONSHIPS

"We have clients that have been with us since we began supporting them in the early 1990's. Our client relationships don't end after the job is done, they continue for years and years because of our personal touch... They know that we really do care about their success. We prove it every day."

- Mylon Staton
President, DataLink

COMPLETE COVERAGE

DataLink is based in Millersville, MD and supports your local, regional, and national locations.

We Make "IT" Easy

ProLink IT Products

ProtectIT Server & Server-BDR

Designed to proactively monitor, manage and automate local file server backups, *ProLink ProtectIT Server* also detects events and issues alerts if any server performance back up issues arise.

ProtectIT Server includes...

- Sentinel ProtectIT for Servers – A tool set for 24x7x365 automated managed backup
- Automated server backups every 15 to 30 minutes
- Protects complete server image, including operating system volumes, applications and data partitions
- Backup files stored in virtualized format, allowing easy restoration to new hard drive, or new file server dissimilar hardware
- Backup stored to disk or network storage device
- Online client portal for backup status updates and reporting
- Optional offsite storage each night at a SAS70-HIPPA compliant Data Center

ProLink ProtectIT Server-BDR (Business Disaster Recovery)

Provides all of the services above, in addition to providing Hot Spare Server capabilities and Fail Over in case your Server suffers a catastrophic failure that prevents full restoration of your backup.

We Make IT Easy

If the daily hassle of keeping your servers going is giving you headaches, DataLink has solutions that make the pain go away – at a cost that makes sense.
